

relativer Ertrag bei ortsüblicher Intensität

Die sofortige Bereitstellung aktueller Ertragsergebnisse von jedem Einzelstandort hat ausschließlich orientierenden Charakter. Einjährige Ergebnisse sind keine ausreichende Grundlage für die Sortenwahl! Stehen voll empfohlene Sorten nicht mehr im aktuellen Sortiment, so liegen langjährige Ergebnisse vor (Regelprüfzeit beträgt max. drei LSV-Jahre). (siehe .../Fachinformationen/Sorten/Sortenempfehlungen)
